Dear Friends,

Another month has flown by us. We are exited at what the Lord has done and we thank him for His grace and mercy in our lives and the lives of those To whom we have ministered.

This week was our Missions Conference in the Faith Baptist Church. We presently support 13 missions projects, of which 8 are foreign Filipino missionaries. We had new missionaries with us going to the countries of Ethiopia, India and Mongolia. In addition, we had a "grand-daughter" mission represented from a church starting out of ours. This is so exciting as we see what the Lord is doing. Here are some pictures of the event:

Our theme for the conference was "**The Privilege of Partnership**", and it was a joy to have the people respond. In addition to raising enough money for a BLESS READING CENTER, the people promised almost ONE MILLION pesos for missions next year.

We are excited to start our local outreach and also take on these missionaries who are willing to go for us to lands we would never be able to reach. This is also an extension of your prayers and giving to this ministry.

Please pray for us next week as we minister to over 1,400 young people in the Student Convention in the mountains, many whom God will call into His harvest fields.

The following Monday we leave for China and the Educator's Conference there. Pray as many new schools are seeking to start in that vast field!

Thank you for your prayers and support. You make it possible for the ministry in these different areas to keep going.

Yours for Souls,

Del & Lora Hooge
