Dear Friends,

I just have to pinch myself from time to time to realize that what has been happening is not a dream, but real.

Since I wrote the last report, we have been to Cambodia for the graduation of the Bible College and Awards night of the Christian school there for missionary kids AND training of staff for two schools in Thailand and one new one in Cambodia. (picture included)

In addition, there were about 30 who took the BLESS training there so that BLESS Reading Centers can open in Cambodia. Each of these closes in about 14 weeks with all 10 children reading from the Bible and being saved. In addition, there are usually 3 adults who are also reached with the Gospel. It was a joy to visit with our missionaries as they faithfully build churches and touch lives. (pictures included)

In August we were on the go with 8 Christian Educator's Conventions where we spoke to the 1,966 staff members in locations all over the Philippines. Many indicated their personal thanks for the revival the convention brings each year. Several shared their desire to be used more effectively for the Lord. (pictures included)

Then in September we conducted two other BLESS trainings, one here in our facility and another in Cebu City in the south. God is preparing an army to take the message to areas where we could never go. Also included were two young men from East Timor who are desiring to be involved in impacting their country with Christian Education. Last week we had a Congolese lady who is starting a "foreigners" school in Nanging. Please pray for these missionary outreaches.

We are preparing for the Annual National Student Convention where we anticipate over 1,500 high school students to gather for all sorts of competition. But above all, we want to see God work in their lives to go and be ambassadors for Him. In November we head up to China for Educator's Convention after our missions conference.

We are thankful for the way the Lord is working to bring us some assistance. Our youngest son, Perry and his wife are preparing to come over and help as we see expansion on every side. If you would like to be a part of this growing ministry, please call him at (417) 823 3936 for more information. He would love to come and present his heart - he is raising support and needs your immediate help. His email is pmhooge@yahoo.com.
