

December 2003

Dear Pastor & Church,

Joyce and I have been traveling almost non-stop this past two months through Kansas, Ohio, Illinois and Indiana. We have had a good time along the way renewing old friendships and meeting new pastors of churches that have supported us for many years. Our churches have been a blessing to us with their kindness, gifts, and encouragement. We have been in several missions conferences. We enjoy them because we really get to know the people more personally. The new goals and promises are exciting as we see faith commitments.

The work in Australia is promising. We hear reports of new prospects attending the services. We pray that the Holy Spirit will open their hearts to trust in Christ as their Saviour. The Lord willing, Joyce and I will be leaving to go back to Australia the first of April to start another new church in the Melbourne area. We will return to the States in July to finish our furlough and report to our remaining churches. If we can be a help in a special way, please contact us.

We hope you will enjoy this years calendar. Please pray for us in safe traveling, blessings to others, our

works, and for physical and spiritual well being. We thoroughly enjoyed being with our family for Thanksgiving. We are so grateful to God for all of the blessings He bestows upon us. We trust you will also have a joyful Christmas and prosperous New Year in the Lord.

Thank you for your faithful support: prayerfully and financially.  
In the Harvest Together,  
Earl and Joyce Koon

*Thank you for having us in your church and allowing us the park our RV there. Thank you for the meals provided and the wonderful love offering. The music was exceptional! It was an extra special treat for the massage & pedicure for Joyce!*
